## Day 2: Gorilla tracking in Volcanoes National Park

After an early breakfast, you will proceed to the Volcanoes National Park headquarters, Kinigi, to meet your guides for the day. After completing park formalities, you embark on a once-in-a-lifetime experience of tracking mountain gorillas. Once you spot them you are allowed to spend an hour watching your closest long-lost cousin.

This is perhaps one of the most breathtaking wildlife experiences on earth. You get so close to these awesome giant primates, staring at each other blankly not knowing who will break the long silence first. Tracking the gorillas through the light mountain forest on the slopes of the Volcanoes is a magical experience. You will get within meters of the family and be privileged to spend an hour amongst them.

The trekking may be fairly strenuous, up to six hours or longer at a relatively high altitude. We encourage you, for your own enjoyment, to make sure that you are perfectly fit and healthy.

(We've had people of 70 years old do gorilla tracking so this should not be a problem, all you need is to ask your driver guide to request a shorter group trip for you if you cannot trek far).

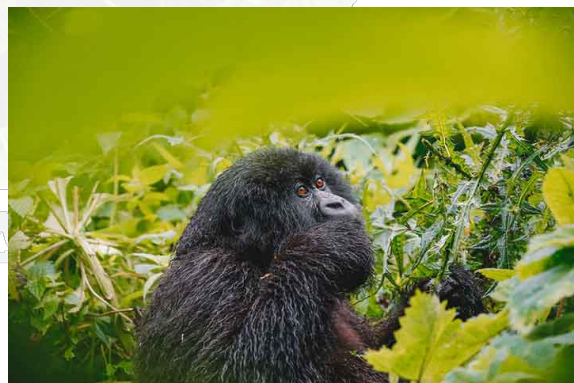

It is important to bring good hiking boots, long trousers, gloves for protection against stinging nettles, some snacks & sweets (for you, not the gorillas) as well as sufficient water as the rain forest gets hot and humid during the day.

You will spend one hour with the gorillas, but it is an hour you will never forget.

Return to your hotel for lunch and later dinner and overnight.

### Day 3: Golden monkey tracking and transfer to Kigali

Today, after an early breakfast, you will be driven to the National Park Headquarters to meet your guides again for your Golden Monkey trekking experience.

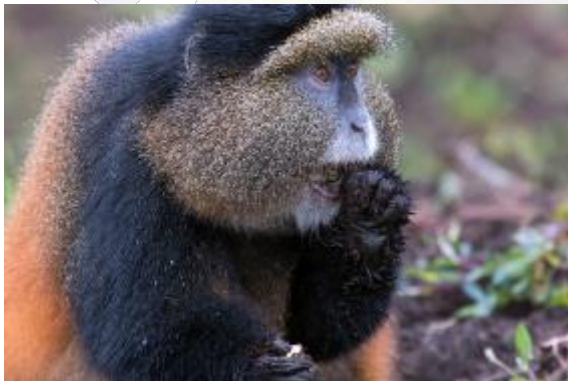

With only a small number left worldwide, the golden monkey can be found in the foothills of the Volcanic Mountain Chain (Volcanoes National Park, Rwanda, Virunga National Park, DRC and Mgahinga National Park of Uganda).

Characterized by its bright golden body, cheeks and tail, with contrasting black limbs, crown and tail end, these playful primates are a pleasure to watch.

Afterwards you drive to Kigali for your flight back home. (We advise a late flight at 9 pm or onwards)
